

# Landowners looking after Grasslands

## Field Day on the Plains

Join the Northern Plains Conservation Management Network, Trust for Nature and Dr David Baker-Gabb, renowned expert on Plains-wanderer, in launching *Managing Native Grasslands for Plains Wanderers* Field Guide.

Hear from Dan Harley, Threatened Species Biologist with Zoos Victoria, about their Fighting Extinction Programme and the plan to start captive-breeding Plains-wanderers in 2017.

Accompany Paul Foreman, grassland ecologist for a walk across Andy & Judy McGillivray's property, and learn how to survey for threatened grassland flora species such as the nationally listed Swainson-peas.

Free event!
