A traditional way of business

Hello,

Community members are being invited to participate in an online workshop session, facilitated by Djandak (Dja Dja Wurrung Enterprises), to discuss values, threats, priorities, and opportunities associated with Kalimna Park- as part of the Walking Together- Balak Kalik Manya Project.

For more information on the project please see this short video-
<https://vimeo.com/441201115>

We need the community's intimate knowledge of Kalimna Park to begin prioritising management recommendations that will be listed within our site-specific management plan. It is unfortunate that we are unable to meet face-to-face given the current restrictions surrounding COVID-19, but we are pressing forward in the form of an online workshop. Through this session, community members will have the opportunity to discuss all things Kalimna Park; including the things they like and dislike, along with any other relevant comments.

We will be running our workshop on the 29th of September with the assistance of Conservation Management. The workshop will commence at 7:00pm- 9:00pm. To be involved you will need to have access to a computer, with an internet connection, in your own home.

Here is the link to our online workshop- <https://zoom.us/j/93302389412>

I hope to hear from you and see you at our online workshop!

Harley Douglas, Project Manager at Djandak.
